VII. New Business

A. Bylaw Vote- Permanent Organizations

- We are making a changes on Bylaw 14.1.3

- This is a semantic change more than anything else and is based on the feedback standards received and clarifies the role of exec board in case their is changeover from semester to semester basis

B. Seating Discussion
- The current setup of the Great Room for GA's is not ideal, as many of the representatives cannot see each other and we want to talk about potential alternatives
- One of the ideas is to disconnect all the tables, so we can see each other in a big oval including constituents
- We want to create a layout that allows us to see everyone, as well as constituents
- We could add a table for constituents, but it has been easier to have the constituents in chairs as we have been doing in the past
- One of the overall concerns is that we do not want to have peoples' back towards each other, and we want people to see the projector as well

C. Breakout Time for project groups

VIII. Adjournment
