LLC Technology Update 2014

- 70” Sharp Touch-Screen Display in Ettinger 104 has been updated with new applications:
  
  Chrome based Google maps to display virtual tours and street views from around the world.

  AirPano 360° Aerial Panorama to enjoy panoramic 360° tours from locations all over the world.

- With the support of the OIT, the Language Learning Center, will be equipped this spring with all new Windows 7 PCs, new headsets, including headphones and microphones. To assure a smooth transition to the new operating systems, Dr. Iskold and Fulvia Alderiso, in collaboration with the LLC faculty, reviewed and edited the inventory of all the LLC software. Fulvia then compiled a master list of the software for the OIT to transfer to the new operating systems.

- New digital camera has been acquired for the Language Learning Center.

- Poster Gallery Update: LLC Posters featuring International Drama by Muhlenberg Theater are now QR-coded. If interested, one may access more information about the play and the author through a mobile device.
