Do you feel sick?

You may have the flu if you have fever or chills AND a cough or sore throat

You may also have a runny nose, body aches, a headache, tiredness, diarrhea, or vomiting

If you think you have the flu, stay home or in your residence, except to get medical care.

For more information visit www.muhlenberg.edu/h1n1/ or call 484-664-3199 to speak with someone in the Health Center.
