

Letter of Support: Guidelines For Faculty

You will receive a JotForm through your email from the student applying for the summer research grant. You will be asked to approve the application and upload a letter of recommendation. The form will then go to Lori Flatto, administrative assistant to the Dean of Academic Life.

Completed applications are due by 4 p.m. on Monday, February 22, 2021.

In your letter of support for the student applying for a summer research grant, please be sure to address the following:

1. Is the student's project, as described in the proposal, feasible? Can significant progress be made in the 8-week period of the grant?
2. What do you judge to be the significance of the project?
3. What distinguishes this work from that of a usual independent study? In what way does it merit a grant?
4. What personal characteristics does the student possess that make you confident s/he can successfully meet the stated goals?
