Members Absent:

Tracy Velekei, Brynmarie Dorsey.

Minutes:

Minutes from May's meeting were approved.

Accidents & Injuries:

No new injuries since the last meeting. Three total injury reports YTD.

Buildings and Grounds Inspections:

Joe Spirko reported:

Summer cleaning continued with Taylor, Robertson, and South Hall.

Training Updates:

Bloodborne pathogen training - training contract was renewed with Vector Solutions. HR is working with PO to get group training done for all Plant Operations employees rather than individual online training, which has proven challenging. Online training will be assigned to new employees.

Around the Horn/Open Session:

- **Plant Ops** reported on construction and repairs on off-campus housing decks and sidewalk repairs throughout the campus.
- **Christina Campbell** inquired about whether there was an AED in the Fahey Building.
- **Campus Safety** reported that they will have three officers on for the July 4th fireworks. Muhlenberg is a popular location for people to gather to view the fireworks. They also reported that the supplies that were back ordered (batteries and pads) finally came in, and they now have additional AED machines in use.
